## Way to Go

We are pleased to report that the City of Punta Gorda reached its United Way goal of \$5000. We actually raised \$5007 thanks to your generous contributions. These dollars work to mobilize the community to break the cycle of poverty. The United Way of Charlotte County has three priorities.

### 1. Educational Success

- The United Way works to promote the success of all children from birth through pre-kindergarten with early literacy and developmental resources
- Ensuring all third grade students read at or above grade-level
- Identify parental needs to encourage healthy families and positive parenting.

### 2. Financial Security

- Increase family access to financial stability skillsets and resources
- Increase senior access to financial stability resources
- Decrease number of chronic and vulnerable homeless individuals

### 3. Health & Well-Being

- Improve mental, physical, and behavioral health for vulnerable families and seniors
- Ensure vulnerable families and seniors establish and maintain a nutritional foundation for long term health and wellness

Your contributions help make those goals a reality!
