## REDUCTION CITY IMPOSED FAIR SHARE IMPACT FEES

In February 2012, City Council adopted an amendment to the City of Punta Gorda Impact Fee Ordinance, suspending Police, Fire, and General Government Impact Fees indefinitely for new development.

## F. A. Q.

### Q. What are impact fees?

A. Impact fees are one-time payments that are used solely to fund system improvements needed to accommodate new development. Currently for multi-family projects, the City of Punta Gorda is ONLY charging impact fees for parks & roads.

### Q. What are *deferred* impact fees?

A. *Deferred* impact fees are impact fees charged to specific building permits for affordable housing where the fee is allowed to be “deferred” or “paid later”.

### Q. How do I get my impact fees “deferred?”

A. Prior to submitting an application for a building permit, a request can be made to “defer” the impact fees. To do so, an “*Impact Fee Installment Payment Request*” must be completed and signed by the owner of the property and approved by the Punta Gorda City Council.

### Q. When do *deferred* impact fees need to be paid?

A. Deferred impact fees shall be a lien on the property which will be paid in full upon the sale of the unit, upon any breach of the Deferral Agreement by the Owner, or upon the failure of the Owner to continue to qualify under the provisions of Ordinance #1504-07

### Q. Will my deferred impact fee amounts change?

A. No, once the “Impact Fee Deferral Agreement” is executed and a building permit application is received, impact fees for that project are calculated and cannot be changed.
