

## INFORMATION SHARING REPORT February 18, 2020

### Community Leadership Presentation

On Feb. 13, the City Manager, Punta Gorda Fire Department and the Punta Gorda Police Department provided the Charlotte County Chamber of Commerce Leadership program participants with an overview of operations. Participants were especially interested in the number of and duties of the volunteer police officers, the status of the new RO plant and why the Fire Department living quarters have four refrigerators. The wheel of lunch in the offices of the Police Department also sparked interest by participants. Thank you to all involved in sharing what a great community Punta Gorda is to live in and be a part of.

The Leadership Class of 2020

### Human Resources offers Learning Opportunity

Asthma is a chronic condition that affects many people. If you or a loved one has asthma, it takes time and energy to keep it well controlled. Join us to learn the different types of asthma, how it is diagnosed, how the medication works and how you are the key in the treatment plan to help manage your asthma and live well.
