#### **Interesting Tidbits (IT) Tips:**

##### Learn Something New

Sometimes New Year's resolutions are about losing things: extra weight, debt, or clutter. Sometimes, on the other hand, they're about gaining something, like a new skill or hobby. If you've always wanted to learn a new language, acquire a new skill, pick up a new hobby or craft, you could be one of the 25 percent who make this their resolution. The City subscribes to Skillsets, which is an online learning library. A list of End User Courses can be found at <https://skillsetsonline.com/end-user-courses>. If you are interested in being issued a library card for 2 weeks access, just put in a Skynet ticket!
