#### Tell us about your City of Punta Gorda Pets

**Meet Abby and Beau Jones:** Abby is a seven year old Pekingese and as you can tell by the picture, she likes to be IN CONTROL. She's sitting above Beau and likes to always show him that she's the boss. Beau is a two year old Shitzu and so very rambunctious (we call him our wild child), that's the main reason Abby tries to keep him in line. They are terribly spoiled and loved immensely.

**Likes:** Abby loves to fetch her ball and fact, that's how she greets you at the door with her big stuffed ball in her mouth. Beau likes any toy that Abby has in her possession. Beau also enjoys jumping in between mom and Abby on the couch. Otherwise he likes to sit on the back of the couch and look out the front window. Beau can jump like a deer and shows off his skills leaping from the couch to halfway across the room.

**Dislikes:** Abby is not a fan of fireworks, thunder or any loud noise that causes her to run and hide.
