

Notice Regarding Coverage for Breast Reconstruction Surgery

If you have to have a mastectomy, your breast reconstruction surgery is covered under your health coverage. It can be done at the same time as the mastectomy or later. You are covered for both the reconstruction of the breast on which the mastectomy is performed, as well as the other breast to produce a symmetrical appearance. In addition, your health plan covers prosthesis and treatment of physical complications at all stages of the mastectomy, including lymphedema. The type of procedure is determined in consultation between you and your attending physician. Coverage is subject to the terms of your contract.
