EQUAL OPPORTUNITY EMPLOYER

It is the policy of the City of Punta Gorda to recognize and fulfill its commitment to the community in the area of Equal Employment Opportunity through an affirmative action plan, which will increase both the quantity of minorities employed and the level of responsibility of jobs held by minorities employed and females within the City government. The City will not knowingly permit discrimination in hiring, promotion, or other conditions of employment with regard to race, color, creed, religion, national origin, ethnicity, age, sex, gender, pregnancy, sexual orientation, gender identity, genetic information, marital status, veteran status or disability. The attitude and deportment of a City employee should at all times be such as to promote the good will and favorable attitude of the public toward the City, its programs, and policies. At no time should an employee’s behavior bring discredit to the City or the operation of its business.
- B. All employees are encouraged to develop skills and seek formal training that will enhance their personal development and add to the overall expertise of the organization.
- C. - B. Employees who have other jobs, or who seek to have other jobs, must immediately obtain approval from their Department Head.

that it will not interfere with the efficient operation of City business or the performance of their own job responsibilities.

When employees are assigned any such equipment, it becomes their responsibility to exercise reasonable care in its use to preserve the life of the equipment and to observe all safety precautions. Personal use of vehicles, material, supplies, tools, or other equipment or property is prohibited unless authorized by the City Manager. - C. No employee is to leave his job to participate in a grievance without permission of the immediate supervisor or Department Head. SECTION 13: GRIEVING NON-DISCIPLINARY MATTERS

13.1 POLICY

It is the purpose of this grievance procedure to assure employees that their non-disciplinary problems and complaints will be considered fairly, rapidly and without reprisal. It is expected that the procedures set forth below will encourage employees to discuss with their supervisors matters pertaining to conditions of employment as they affect individual employees. In addition, free discussion between employees and supervisors will lead to better understanding of practices, policies, and procedures that affect employees. This will serve to identify and eliminate conditions that may cause misunderstandings and grievances.

13.2 DEFINITION OF A GRIEVANCE

A grievance under this Section is defined as a complaint about the misapplication or misinterpretation of these PRR or applicable departmental rules and regulations. Complaint forms are available at Human Resources. Disciplinary matters shall not be considered under this Section but only under Section 12.

13.3 PROCEDURE

- A. Step One: An employee shall present his complaint to his immediate supervisor within three (3) working days from the time of occurrence of the problem. The supervisor shall attempt to resolve the problem within five (5) working days after the complaint is made to him.
- B. Step Two: If the employee has not received an answer from the immediate supervisor within five (5) working days, or if the employee feels the answer received is not satisfactory, he will commit to writing the facts and circumstances of the problem and present the written statement to his Department Head within five (5) working days after the supervisor's deadline in Step One. Assistance will be provided by Human Resources, if requested, including for those employees who cannot read or write or have a language problem. The Department Head will discuss the grievance with the employee, if he is working, within five (5) working days. The Department Head will notify the employee of his decision within five (5) days following the meeting date.
- C. Step Three: If the employee is not satisfied with the resolution of his Complaint in Step Two above, within five (5) working days of Notice of the Department Head's decision or the due date for the decision, whichever first occurs, the employee will notify Human Resources in writing that he desires to appeal to the City Manager. Timely appeals will be referred by Human Resources (copy to the Department Head) to the City Manager who will make the final decision.

Additionally, if a part-time employee works five (5) hours or more, a thirty-minute unpaid meal break is provided.
- B. Breaks – According to Federal and State Wage and Hour laws, breaks are not required to be provided by an employer. However, the City of Punta Gorda recognizes the need to get away from the work area occasionally and thus offers a short break from work under the following conditions:

When the City Manager deems it necessary, work schedules may be established in all departments other than on the basic Monday through Friday schedule.
- C. Lunch periods are scheduled at the discretion of the Department Head or designee.

14.4 OVERTIME

- A. Non-exempt employees are to report all hours worked. Non-exempt employees should not begin work before the beginning of their schedule or after the end of their schedule without permission; however, if they do perform work before or beyond their schedule, they are to report it as hours worked on their time sheet or record. Overtime will be authorized or directed only when it is in the interest of the City and is the most practicable and economical way of meeting workloads or deadlines.

- B. All non-exempt hourly employees, except employees exempted by Section 7(K) of the Fair Labor Standards Act in the Police and the Fire Departments, shall be paid time and one-half their regular hourly rate of pay for all hours worked in excess of forty (40) in a work week.
- C. For purposes of overtime computation, only time actually worked shall be considered as time worked in determining eligibility for overtime.

14.5 COMP TIME

- A. The Department Head and a non-exempt employee can agree that the employee will take Comp Time off from work in lieu of overtime pay subject to the following:
 - 1. The maximum Comp Time an employee can accrue is twenty-five (25) hours, unless specified elsewhere by a bargaining unit contract.
 - 2. Comp Time will be accumulated based on the actual hours worked, but will be taken on the basis of one and one half (1½) hours for each hour earned.

- B. Departments are responsible for documenting Comp Time accrual and usage.

14.10 TIME CHANGE

Employees assigned to shift work on those days that daylight savings time is adjusted will work either one hour less or one hour more than their regular scheduled work period. Those employees will be compensated as follows:

- A. If the time change results in the employee working one hour less than the regularly scheduled shift, such employee shall be allowed to work an additional hour to complete the regular work day.
- B. If the time change results in the employee working one hour more than the regularly scheduled shift, such employees shall be compensated for that hour at their regular rate of pay including overtime, if appropriate.

14.11 SHIFT DIFFERENTIAL PAY POLICY

- A. The purpose of this policy is to establish the rules and standardize the guidelines for the administration of shift pay differentials.
- B. In order to provide effective service to the citizens of the City of Punta Gorda, it has been determined that some operations of the City must continue on a 24-hour, 365 days per year basis. So that employees may be compensated fairly for working the necessary shift configurations associated with such services, the City may from time to time establish premium pay, or shift differentials, for some departments who are required to work non-standard shifts, as defined below. Nothing in this policy shall be construed as establishing a property right for the employees of the City of Punta Gorda, and this policy may be discontinued at the discretion of the City Manager. The provisions of this policy shall not apply to employees in bargaining units unless such provisions have been adopted as part of any employment agreement negotiated between the bargaining unit(s) and the City.

C. DEFINITIONS

For purposes of this policy, the following definitions shall apply.

1. *Evening Shift* – A work schedule that encompasses roughly the time period from three o'clock in the afternoon (3:00 pm) until eleven o'clock at night (11:00 pm). Adjustments to this work schedule and exact hour configuration may be made by the Director as operationally necessary, but shall not exceed a period of eight (8) hours.
2. *Midnight Shift* – A work schedule that encompasses roughly the time period from eleven o'clock in the evening (11:00 pm) until seven o'clock in the morning (7:00

3. *Shift Differential Pay* – A wage premium that is applied to the hours worked by employees who are assigned to shift work. This premium may be adjusted from time to time by the City Manager, provided that funds are available to make such adjustments. Shift Differential Pay shall not be included in computations for overtime.
4. *Shift Work* – a work schedule that encompasses the time periods from three o'clock in the afternoon until eleven o'clock in the evening; and from eleven o'clock in the evening to seven o'clock the following morning. Individuals who are assigned to these work schedules are referred to as Shift Workers. Adjustments to these work schedules and hour configurations may be made by the Director as operationally necessary, but shall not exceed a period of eight (8) hours.

B. ELIGIBILITY

1. Eligible Employees and Work Units

Only non-exempt employees in those work units (Departments, Divisions, etc.) that are required to maintain around-the-clock or multiple shift operations such that employees are regularly assigned to one or more of the above listed shift work schedules are eligible to receive a shift differential. Non-exempt employees who are assigned to work units that may be required to respond to emergency call-outs shall be compensated according to the provisions of Section 14.7 of the City's Personnel Rules and Regulations (PRR).

2. Sick Leave, Vacation Leave, and Paid Holidays

In order to receive shift differential pay, an employee must actually work the shift to which they have been assigned. Employees who are on sick leave or vacation leave shall not be eligible to receive shift differential pay. Employees who do shift work on a regular paid holiday shall be compensated according to the provisions of Section 15.2 of the City's PRR and shall also receive the shift differential pay applicable to that particular work schedule. Shift workers who are not scheduled to work the paid holiday shall not be eligible to receive shift differential pay.

3. Overlapping Shift Work

Any non-exempt employee, who is assigned to a work unit that is eligible for shift differential pay, and who is required to work an extended shift such that it overlaps into a shift where differential pay applies, or that has a higher shift differential, shall receive the shift differential for the hours worked during that shift.

- a. An employee who works the midnight shift, and is required to continue their shift into the "normal" day shift shall not keep their shift differential for the time worked on the day shift.

- b. An employee, who is assigned to the evening shift, and is required to report early, shall not receive shift differential pay for the hours worked during the day shift.
- c. Time worked in all instances of overlapping shifts must be at least one hour in duration in order for the provisions to apply.

14.12 PREMIUM PAY FOR LANGUAGE TRANSLATION SERVICES

From time to time, the City may need to interact with customers or others whose primary language is not English, and who may require language translation services. In such cases, in compliance with applicable statutes or laws, the City will make an effort to provide translation services utilizing City employees, where possible, who have demonstrated the requisite language skills; have indicated in writing their willingness to provide such services; and are designated by the City as translation service providers. For purposes of this policy, the term “translation services” will refer to those instances in which the employee is called in from their regular duties and is acting as a third party in order to facilitate communication. The City will maintain a list of employees who are authorized to provide translation services.

When an employee provides translation services as specified above, he/she will be authorized by their Supervisor to receive premium pay in the amount of half of their regular base hourly pay (including shift differential) in addition to their base hourly pay for each occasion/incident that they provide such services, with a minimum of one hour of half pay per occasion/incident. If the employee is required to return to a City facility after hours to provide language translation services, such time will be considered call out time and compensated according to Section 14.7 of this PRR.

14.13 FLEX TIME

Flex Time is defined as an exchange of regularly scheduled work hours for hours worked that are not regularly scheduled, i.e. allowing a non-exempt employee to leave early one day due to overtime on a previous day; or, allowing an employee to work through lunch in order to leave early for a doctor’s appointment. Subject to operational and budgetary constraints, Flex Time may be granted. Flex Time must be exercised within the same work week in which it was taken. All Flex Time arrangements are at the sole discretion of the Department Head or the City Manager.

vide, unforeseen serious illness or injury. An employee who fails to follow this procedure will also be subject to immediate termination. The Department Head may excuse the first requirement, if he is convinced that failure to notify as required was for a reason clearly beyond the employee's control.

15.8 ACCOMMODATION

The City recognizes that some employees may wish to observe, as periods of worship or commemoration, certain days which are not included in the City's holiday schedule. Accordingly, an employee who would like to take the day off for such reasons may be permitted to do so if the employee's absence from work will not result in an undue hardship on the conduct of the City's business and if prior approval has been obtained from the employee's supervisor. Employees may use accumulated days of paid vacation or comp time on such occasions, or they may take such time off as unpaid, excused absence.

SECTION 16: VACATION

16.1 ELIGIBILITY AND RATE OF EARNING

- A. The amount of vacation each regular full-time employee will accrue with pay is determined by the rates set forth below. The vacation policy is based on an employee's length of continuous service.
- B. Vacation leave is calculated from the first day of employment, and employees are eligible to use it as it is earned.

<u>Continuous Years of Service</u>	<u>Annual rate of accrual</u>
0 but less than 5 years	80 hrs. (10 days) .833 days per month

Upon completion of 15 years and higher	168 hrs. (21 days) 1.75 days per month

Fire Department and Police Department employees' vacation accrual rates are determined by contract.

- C. The total number of hours of accrued vacation that may be carried forward from fiscal year to fiscal year may not exceed 200 hours, regardless of accrual rates and length of service. Upon termination, employees will be paid for all accrued but unused vacation hours at the employee's effective rate of pay at the time of separation.
- D. Annual leave shall be earned, charged, and paid in days or hours.

16.2 REQUEST FOR LEAVE

- A. Annual leave may be taken only after approval by the appropriate Department Head or designee.
- B. Annual leave may be used only as earned and will not be advanced.
- C. Vacation times should be requested as far in advance as possible but no less than five (5) working days in advance of the time requested or in accordance with department policy.
- D. Supervisors are responsible for ensuring adequate staffing levels and should attempt, when possible, to solve vacation schedule conflicts with the employees involved. If this cannot be done, the length of City service will be the determining factor in deciding vacation time approval, except that once vacation is approved, it will not be changed because a senior employee later asks for the same dates.

- E. Department Head Vacation Policy. All requests for time off should be sent via E-mail to City Manager's office with:
 - 1. Dates of time off requested.
 - 2. Indication of availability while on vacation in an emergency.
 - 3. Person who will be in charge of the department in the Director's/Manager's absence. If approved, a response will be sent back to the Department Head and he or she will be responsible for ensuring the approved "time off" is scheduled appropriately for Departmental operations.

SECTION 17: SICK LEAVE

17.1 ELIGIBILITY AND RATE OF EARNING

- A. Regular full-time employees are eligible under paragraphs 17.2 and 17.3 for paid sick leave for absences due to sickness or injury, provided they present evidence, including a medical doctor's report, if requested, satisfactory to their Department Head to establish their absence was due to a bona fide sickness or injury. Regular full-time employees shall accrue eight (8) hours per month of paid sick leave, provided the employee is not on unpaid status more than seven (7) working days in a month.
- B. Sick leave is calculated from the first day of employment, and employees are eligible to use it as it is earned.

17.2 REQUEST FOR LEAVE

To be eligible to receive pay for sick leave, the employee shall notify his immediate supervisor or Department Head as soon as possible but not less than one (1) hour prior to or as soon as possible after the time set for beginning the employee's shift or in accordance with department policy. Notice requires the employee to actually speak to the Supervisor or Department Head. Leaving a message or e-mail, or by any other means is not acceptable. The Department Head may waive this provision if the employee submits evidence satisfactory to the Department Head that it was impossible to give such notification.

17.3 RETURN FROM SICK LEAVE

At the option of the City, the employee may be required to supply a medical release from a doctor acceptable to the City to return to work from a sick leave whether the leave was with or without pay.

- A. An employee who is released from sick leave and who wishes to return to work shall notify the City. If the leave was less than thirty (30) days, the employee shall be placed in the job he held before the leave and there shall be no adjustment of his anniversary date or City or classification seniority date.
- B. Subject to applicable law, if the leave is longer than thirty (30) days but less than one hundred eighty (180) days, the employee will be given his job or a substantially equivalent job that is vacant, if any, if he is qualified to perform all the essential requirements of the vacant job. If the absence was due to a legally recognized disability, reasonable accommodation that will not cause undue hardship to the City will be offered. Adjustments of his anniversary date, City, departmental and classification seniority dates shall be as provided for other unpaid leaves under Section 9.

17.4 USE

Paid sick leave may be used provided it is approved for the following purposes and will be used in conjunction with unpaid leaves under FMLA.

- A. Bona fide sickness or injury off the job.
- B. Medical, dental, optical or chiropractic examination or treatment which cannot be scheduled during non-duty hours.

- C. Serious illness of a member of the employee’s immediate family (spouse, child, or parent) which requires the personal care or attention of the employee.
- D. Accrued sick leave may be used to supplement worker’s compensation but capped at forty (40) times the employees straight time rate of pay for all net compensation received.
- E. Pursuant to Section 29 of the PRR, sick leave hours may be donated to an employee with a critical or terminal illness who has exhausted all sick and vacation pay provided:
 - 1. No more than 24 hours of the donor’s accrued sick leave may be contributed in a fiscal year;
 - 2. Once donated, the sick leave may solely be used for the reasons set forth in 17.6 (A, B, and C) and in compliance with Section 29 of the PRR;
 - 3. Accrued, but unused sick leave hours may not be donated directly to another employee.

17.5 ACCRUAL/ESCROW PAY OFF

- A. There is no limit to the number of hours of sick leave that an employee may accumulate and use for bona fide illness or injury. Employees who have completed at least ten (10) years of service and voluntarily separate from the City and have a minimum of two hundred fifty (250) hours of accrued but unused sick leave, may cash in fifty percent (50%) of that time up to a maximum of \$2000. In all other cases, employees will not receive any compensation for accrued but unused sick leave.
- B. Full-time regular employees who have completed one year of service may convert a portion of their earned but unused sick leave to vacation hours at the end of each fiscal year provided that such conversion does not result in the employee’s vacation balance exceeding the number of hours that may be carried over as specified elsewhere in this PRR. Annually, vacation hours may be converted to cash based on sick leave usage during the fiscal year according to the following table.

<u>Sick Hours Used During Fiscal Year</u>	<u>Hours That May Be Converted</u>
Up to 16 hours (8-hour employees)	16 hours
Up to 20 hours (10-hour employees)	16 hours
Up to 24 hours (12-hour employees)	18 hours

17.6 LIGHT DUTY

If an employee is released by their physician for “light duty” after an absence that is not due to a work-related injury, return to light duty shall be at the sole discretion of the City based on its operational needs. If the absence was the result of a work-related injury, refusal to accept a light-duty assignment the employee is capable of performing in accordance with applicable law, and subject to the provisions of Section 30 of this PRR, may result in termination of employment.

- B. “Immediate family” in this section shall mean father, mother, brother, sister, wife, husband, son, daughter, daughter-in-law, son-in-law, father-in-law, mother-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, grandfather, grandmother, grandchildren, foster child or guardian, brother-in-law, and sister-in-law.

- D. If, in the opinion of the Department Head, additional days off are necessary to attend the funeral of a member of the immediate family, accrued annual leave may be used or the employee may be given additional time off without pay. If the employee wishes to attend the funeral of someone outside his immediate family, the employee may use accrued annual leave or be allowed time off without pay but only if the Department Head determines the absence will not affect operations.

- A. Take up to twelve (12) weeks of unpaid leave in a twelve (12) month period for the following reasons:
 1. The birth of the employee's child and to care for the newborn child;

6. Any absences to receive multiple treatments (including any period of recovery therefrom) by, or on referral by, a health care provider for a condition that likely would result in incapacity of more than three consecutive days if left untreated (e.g., chemotherapy, physical therapy, dialysis, etc.).

B. Serious injury or illness

An injury or illness incurred by a military service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank or rating.

C. Child

Except as otherwise noted in this policy, a biological, adopted or foster child; a stepchild; a legal ward; or a child of a person standing in loco parentis (in the place of a parent) and who is either under the age of eighteen (18) or, if older than the age of eighteen (18), is incapable of self-care because of a mental or physical disability.

20.3 TWELVE MONTH PERIOD / COUNTING FMLA LEAVE

- A. For leave taken for any of the reasons listed in Section 20.1(A), the twelve (12) month period in which eligible employees may take twelve (12) weeks of leave will be calculated using the calendar year method, that is, January 1 through December 31.
- B. If both spouses work for the City, the combined leave shall not exceed twelve (12) weeks in a twelve (12) month period if the leave is taken for the birth of the employee's child, or to care for the child after birth, for the placement of a child with the employee for adoption or foster care, or to care for the employee's parent with a serious health condition.
- C. If both spouses work for the City the combined leave shall not exceed twenty-six (26) weeks of leave during the single twelve (12) month period described in Section 20.1(B) above if the leave is taken to care for a service member with a serious injury or illness.
- D. To the extent allowed by law, in the event an absence is for a reason covered by this policy, the City reserves the right to count it as FMLA leave whether the employee has requested FMLA leave or not. Leaves covered by workers' compensation and/or a disability plan will also be counted as FMLA leave to the extent the leave qualifies under this policy.

20.4 INTERMITTENT LEAVE AND REDUCED SCHEDULE BASIS

- A. In the case of leave based upon a serious health condition or a service member's serious injury or illness, leave may be taken intermittently or on a reduced schedule basis, but only if such leave is medically necessary and the medical need can be best accommodated by intermittent leave or a reduced schedule. If intermittent leave or leave on a reduced-hours basis is required for planned medical treatment, the employee is required to make reasonable efforts to schedule the treatment so as not to unduly disrupt the City operations.
- B. In the case of leave for the birth or placement of a child in adoption or foster care, intermittent leave or working a reduced schedule is not permitted unless the City, in its sole discretion, elects to allow it.
- C. In the case of leave based upon a qualifying exigency, leave may be taken intermittently or on a reduced schedule basis.
- D. If intermittent leave or leave on a reduced hours leave is required or provided, the City may, in its sole discretion, temporarily transfer the employee to another position for which the employee is qualified with equivalent pay and benefits that better accommodates that type of leave.

20.5 EMPLOYEE NOTICE AND CERTIFICATION REQUIREMENTS

- A. For leave that is foreseeable, the employee must provide the City with at least thirty (30) days' notice. If the need for leave is not foreseeable, the employee is required to provide the City with as much notice as is practicable once the need for leave becomes

known. Requests for leave should be on approved forms which are available from the human resources department.

- B. The City will require that leave based upon a serious health condition, or a service member's serious injury or illness, be supported by a medical certification from a health care provider. In accordance with applicable regulations, the City may request, at the City's expense, a second opinion from a health care provider of the City's choice (as well as a third opinion if the second opinion conflicts with the first opinion). The City will require that medical certification be submitted showing that a request for intermittent leave or leave on a reduced schedule basis is medically necessary.
- C. The City may require subsequent medical recertification of an ongoing condition from the employee's health care provider every six (6) months in conjunction with an absence, or more often to the extent permitted by applicable law.
- D. The City will require that leave based upon a qualifying exigency also be supported by a certification and supporting documentation, including a copy of the military member's active duty orders or other similar documentation.
- E. Certification forms to be completed under this section are available from the human resources department. If an employee's certification or recertification is deemed by the City to be incomplete, the City will notify the employee of the deficiency and the employee will be provided seven (7) days to cure the deficiency. A failure to complete the certification may result in the denial of leave for the period of time until the completed certification is submitted.
- F. During leaves under this policy, the employee must periodically report on their medical status and intent to return to work. Upon taking such leave, the employee will be advised of the reporting requirements.
- G. For leave taken because of the employee's own serious health condition, the employee is required to furnish a medical certification from his or her health care provider advising that the employee is able to safely resume performing the essential functions of his or her position before the employee will be allowed to return to work.

20.6 HEALTH INSURANCE PREMIUMS

 8. In lieu of termination, the City reserves the right to exercise discretion to re-assign an employee whose license(s) or certification(s) have been revoked to a vacant position for which the employee is qualified, provided that the employee meets all the conditions specified in Section 23.10.A.1 through 5 (above). The employee shall then be required, as a condition of continued employment, to sign a “Last Chance Agreement,” as specified in 23.10.A.6 above.
- B. Employees who, after having taken such examination and/or test are determined to have utilized an illegal controlled substance at any time or to have violated the City’s alcohol abuse policy, shall be subject to immediate termination, however the City may exercise discretion as specified in Section 23.10.A.1,2,3,4,5,6, and 8, above.

- B. An employee injured at the workplace and required to be tested, in accordance with this policy, shall be taken to a medical facility for immediate treatment of injury. If the injured employee is not at a designated collection site, the employee will be transported to one as soon as it is medically feasible where specimens shall be obtained. If it is not medically feasible to move the injured employee, specimens shall be obtained at the treating facility under the procedures set forth in this policy and transported to an approved testing laboratory.
- C. No specimens shall be taken prior to the administration of emergency medical care. Once this condition has been satisfied, the City may obtain results of any test conducted on a specimen for the presence of alcohol or drugs only as is specifically provided for in this policy.

23.11 EMPLOYEE ASSISTANCE PROGRAM

- A. General:

The City provides at no charge an Employee Assistance Program (EAP) for all regular City employees who have successfully completed their probationary period. The purpose of the EAP is to assist such employees who voluntarily report drug or alcohol related problems

which have not yet adversely affected the employee's job performance or the City's operations. Additionally, the City may require any employee in violation of this policy, whether he voluntarily reports his problem or not, to participate in the EAP or other medical and rehabilitative assistance programs as a condition for continued employment.

Employees may obtain assistance for substance abuse (and other behavioral issues) by contacting the City's Employee Assistance Program provider. Provider information is available through the Human Resources Office.

B. Employees Who Voluntarily Ask for Help:

Employees with drug or alcohol-related problems who wish to seek assistance through the EAP may contact the EAP provider on a confidential basis. The employee must use accrued leave (sick, vacation, or sick escrow) during such absence, and if the employee has no accrued leave, upon request, the City may grant that employee an unpaid leave of absence for a period determined by the City to participate in a City approved treatment or rehabilitative program. The employee will be responsible for all expenses resulting from the treatment or program to the extent they are not covered by insurance.

C. Other Employees:

In the event the City discovers a violation of this drug or alcohol policy, the City, at its option and consistent with applicable law, may proceed to discipline the employee up to and including discharge, or at the City's option, require the employee to undergo approved medical or rehabilitative assistance. The employee will be responsible for all expenses resulting from the treatment or rehabilitation to the extent they are not covered by insurance. In the event the City requires the employee to participate in the Employee Assistance Program, the EAP provider will keep the City fully advised with respect to the employee's participation and recovery status.

D. Return to Work:

In order to be considered for return to work, employees who are granted a leave of absence under paragraph B and C above must successfully complete, within a reasonable amount of time, all EAP, medical, and other rehabilitative requirements established by the City for the employee. If, at the option of the City, the successfully rehabilitated employee is returned to work after his successful completion of the required rehabilitative program, he shall be given no service credit for the time of his leave of absence unless the leave or part of it is covered by the FMLA, in which case the credit shall be applied, or not, in accordance with the FMLA.

E. Re-Testing:

Employees allowed to return to work under paragraph D (above) shall be subject to re-testing at any time without notice, and must submit to such test as and when directed by the City until the City, in its sole discretion, determines the problem is resolved. Employees who return to work and fail to comply with these re-testing provisions shall be subject to immediate termination.

23.12 REPORTING VIOLATION OF THE POLICY

A. Reporting Violations:

It is the obligation of every employee of the City to report violations of the City's drug and alcohol abuse policies. Failure to report a violation may subject that employee to discipline up to and including discharge.

B. Retaliation:

Any employee who in good faith, based upon reasonable suspicion or observation, reports an alleged violation of these policies, or any supervisory or managerial employee who investigates or takes action in good faith based on reasonable suspicion or observation, shall not be harassed, retaliated against, or discriminated against in any manner for making reports, participating in the investigation or because of any reasonable action he takes as a result of the investigation.

C. Bad Faith Claims:

26.8 TREATMENT PLANT OPERATOR TRAINEE PROGRAM

A. Purpose and Coverage

The purpose of this policy is to delineate a Pay Progression Plan (Plan) for Utility Treatment Plant Operator Trainees (Trainees) employed by the City of Punta Gorda. This Plan applies only to those individuals who under-fill authorized Treatment Plant Operator (Operator) positions, and are classified as Trainees because they do not have the requisite

training and licensure to fulfill the minimum position requirements of an Operator.

B. Policy

1. In compliance with the relevant sections of Chapter 62, Florida Administrative Code (FAC), the City shall not employ individuals to operate its water and waste water treatment plants who do not hold the license(s) specified in this Chapter. The City may, however, offer employment as Trainees to applicants or current employees for authorized Operator positions, provided that the applicant or current employee meets all other minimum requirements, can do the essential functions of the position, and their employment and subsequent training are under the supervision of a licensed Operator.
2. In order to provide for the effective retention of Trainees, and to reward the value of the technical knowledge and skill the Trainee gains through experiential and formal textbook learning and testing, the City may authorize step increases to successful Trainees as they progress through the City's training program.
3. Under normal conditions and circumstances, a Trainee should complete within one year of employment all the necessary training and education that will qualify them to take the State certification test. Exceptions to this time table may be granted at the sole discretion of the Department Director or City Manager.
4. Step increases shall apply only to those Trainees who are in their first year of employment with the City; or City employees who have been promoted or transferred to this position according to the provisions of Section 8 of the City's Personnel rules and Regulations (PRR).
5. Such employees must comply with all the training and testing provisions associated with the acquisition of an Operator's license, and shall be subject to all the specifications of this policy and the City's Personnel Rules and Regulations.

C. Duration of Trainee Status

1. The minimum amount of time in service at a Treatment Plant that a Trainee must accrue under authorized supervision prior to being eligible to take the State test for licensure is specified in Chapter 62 of the Florida Administrative Code. Employees who are employed as Trainees shall be required to successfully pass this test within two years from the date of their beginning employment as a Trainee. This provision applies to regular full time employees who transfer from another Department or Division. The Department Head, at the recommendation of the Plant Supervisor, may authorize an extension of the period in which the employee may remain as a Trainee.
2. A Trainee who is unsuccessful in acquiring the requisite license within the specified time period, but has otherwise performed satisfactorily, may be transferred, at the sole discretion of the Department Head, into any vacancy within the Division or Department for which the Department Head considers the employee to be qualified.

3. Should the Department Head choose to not exercise this option, the employee may compete for any vacancy in the City for which the employee may be qualified to perform all the duties. In either case, the employee's wage rate will be established as if they had been transferred under Section 7.02 of the City's PRR. If no vacancies exist, the employee shall be dismissed for failure to perform the essential functions of the Trainee position.

D. Probationary Period for Treatment Plant Operator Trainee

Pursuant to provisions specified elsewhere in the City's Personnel Rules and Regulations, employees who are classified as Treatment Plant Operator Trainees shall be considered to be on probation for such time as it takes the Trainee to acquire the relevant Operator certification from the State.

E. Operator Trainee Pay Progression Plan

The City recognizes the following pay increase steps for Trainees through the Operator Trainee Progression Plan:

1. Trainee - Trainees shall be placed into this classification at the bottom of the range for the position. If the Trainee is placed into this classification due to transfer or promotion, the employee's rate of pay shall be set in compliance with the provisions of Section 7 and Section 8 of the PRR.
 2. Step 1 - Trainees who demonstrate acceptable performance, with documented evidence of such performance in each benchmark for Step 1, may receive a pay increase of up to five percent (5%) of current base pay. This Step increase shall be in lieu of any increase that otherwise may have been associated with successful completion of the Trainee's initial evaluation period.
 3. Step 2 - Trainees who demonstrate acceptable performance, with documented evidence of such performance in each benchmark for Step 2, may receive a pay increase of up to five percent (5%) of current base pay.
 4. Class C Operator - Trainees who demonstrate acceptable performance, and who pass the State certification examination, shall receive an increase to the bottom of the pay range for a Class C Operator, or a five percent (5%) increase from their current base pay, whichever is greater. In order for the Trainee to receive this pay increase and move from Trainee status to Operator, the City must have documentation in hand from the State that the Trainee has successfully completed all the requirements for licensure.
- F. Under no circumstances may a Step increase result in the Trainee's salary exceeding the maximum for the pay range.
- G. From time to time, the City may authorize a pay increase ("Annual Increase") for all regular, full-time. Employees who are classified as Trainees as specified in this Policy, and who are eligible for the pay increases specified in this Policy, are not eligible for such an increase. The Department Head, however, with the approval of the City Manager, reserves the right to approve such an increase for Trainees.

26.9 TREATMENT PLANT OPERATORS

- A. Employees and applicants who

have two or more DUI or DWI convictions shall not be considered for driving positions.

C. Moving Violations

1. The City shall review the official Florida State driving records of all employees under F.S. Section 322 from time to time. If, upon such review, an employee's record reveals nine (9) or more points under F.S. Section 322.27 within the past three years as a result of moving traffic violations, the employee shall be removed from his/her driving position.

6. All operators of City vehicles and equipment are obligated to maintain a valid Florida Drivers License; failure to do so will result in disciplinary action. Such employees are obligated to inform the City of Driver License suspension or revocation for any reason. Employees in driving positions who have suspensions or revocation are considered unqualified for that position and may be reassigned to a non-driving position or terminated if no vacancy exists.

- B. The City of Punta Gorda recognizes the value of involvement in professional organizations for the support of ongoing professional growth and enrichment. City paid memberships must be approved through the budget process and are subject to the provisions of Section 6.7.B. Managers should consider the direct impact to the City of such involvement when considering such approval. Individuals involved in such organizations should endeavor to restrict time away from the City for member activities, as our primary focus should always be to serve citizens.

28.2 DEFINITION OF EXEMPT EMPLOYEE

An exempt employee is an individual who fills a position that the City has evaluated and deemed to meet one or more of the exemption tests as specified in the Fair Labor Standards Act, as amended. Such employees are paid on a salary basis in that they are paid bi-weekly a pre-determined amount that constitutes all or part of the employee's compensation. This amount is not subject to reduction, except where specified in this policy, because of variations in the quality or quantity (including hours worked) of the work performed.

28.3 REGULAR WORK WEEK OR PERIOD

- A. Except for certain Police Department and Fire Department employees, the regular work week shall be forty (40) hours in a seven (7) day period.
- B. Except for Departments that operate twenty-four (24) hours a day, seven (7) days a week, the basic work schedule shall be from Monday through Friday of each week unless otherwise specified or scheduled by the City Manager to meet the particular requirements of the City or individual departments.
- C. When the City Manager deems it necessary, work schedules may be established in all departments other than on the basic Monday through Friday schedule.

28.4 OVERTIME

Employees who are classified as exempt are not eligible for overtime pay except in cases of a Declared State of Emergency, and then subject to approval by the City Manager. In such instances, the overtime rate shall be one and one half (1½) times the exempt employee's regular hourly rate (Annual Salary ÷ 2080 hours).

28.5 COMP TIME

Employees who are classified as exempt are not eligible to accrue Comp Time except in cases of a Declared State of Emergency in which the City Manager approves overtime pay for exempt personnel. In such cases, the exempt individual may convert overtime into Comp Time, not to exceed the amounts specified in Section 14.5.A of the PRR.

28.6 REDUCTIONS IN PAY

As described previously in this section, the Fair Labor Standards Act prohibits employers from reducing the pay of an exempt employee except under certain limited situations or conditions. The City may exercise the right to reduce exempt employees' pay as follows:

- A. Vacation
 - 1. The accrual and use of vacation shall be in compliance with the provisions of Section 16 of the PRR.

Exempt employees who have exhausted all vacation, sick leave, comp time, and sick leave escrow may be placed on leave without pay regardless of the duration of the absence and in compliance with other provisions of the PRR.

D. Disciplinary Action

Reductions in pay for exempt employees may be made for unpaid disciplinary suspensions imposed in good faith for infractions of workplace conduct rules or safety violations.

E. Flex Time

At the sole discretion of the Department Head or City Manager, exempt employees who are absent for four (4) hours or more may be allowed to substitute or work Flex Time in compliance with Section 14.11. F. Budget-Required Furlough

In the event of a budgetary shortfall, the City may require exempt employees to take unpaid partial day furloughs.

28.7 ABUSE OF ABSENCES

Exempt employees who abuse the provisions of Section 28.7.A and 28.7.B could be subject to disciplinary action. An employee shall be deemed to be abusing these provisions if there is a pattern of scheduling absences that appear to be longer in duration or more frequent than what is necessary, unless such absences are protected by the provisions of the Family and Medical Leave Act. If an exempt employee anticipates multiple absences due to injury, illness, or a disease process that requires on-going treatment, Human Resources must be contacted in order to secure FMLA protection. In all cases, employees must notify their supervisor or Department Head of the need to leave early. Failure to provide such notification could result in the City requiring the employee to take leave (vacation or sick) for all absences; or in disciplinary action, up to and including termination of employment with the City of Punta Gorda.

3. Among considerations that the Sick Leave Bank Committee shall use in determining whether the requesting employee is granted hours from the Bank is

If it appears that the employee's shortage of paid leave is because he has abused paid benefit leave privileges, the Committee may call in the employee to provide clarification prior to making their determination. Failure to address the Committee's concerns could result in the request being denied.

4. The Sick Leave Bank Committee shall notify the employee in writing of their decision, and a copy of this document shall be placed in the employee's personnel file.
- E. Employees with ten (10) years or more of service with the City of Punta Gorda, who retire or otherwise leave service with the City, may exercise the option to contribute to the Sick Leave Bank up to a maximum of two hundred (200) hours.

- E. Employees who sustain injuries while on the job must report the injury to their supervisor immediately. Failure to do so may potentially jeopardize treatment or compensation.
- F. Any employee who knowingly refuses to use a safety appliance or observe a safety rule will lose 25% of his or her compensation benefits in the case of a claim. Section 440.09(5) of the State of Florida's Worker's Compensation Laws reads: "If injury is caused by the knowing refusal of the employee to use a safety appliance or observe a safety rule required by statute or lawfully adopted by the division, and brought prior to the accident to the employee's knowledge, or if injury is caused by the knowing refusal of the employee to use a safety appliance provided by the employer, the

compensation as provided in this chapter shall be reduced 25%”. This reduction in compensation benefits will also apply to anyone who does not wear safety apparel such as issued shoes, hats, goggles, etc., or neglects to follow a safety rule.

30.2 RETURN TO WORK PROGRAM

The purpose of this program is to establish guidelines to expedite the return-to-work of employees injured on the job. The program outlines the responsibility, authority, and methods in which injured employees can be brought back to meaningful and productive work. Returning an employee to a temporary, transitional duty position while recovering provides many benefits to both the employee and the City of Punta Gorda. This policy seeks to achieve the following:

- A. Expedite the recovery of injured employees;
- B. Provide a more productive work environment;
- C. Reduce insurance costs to the organization;
- D. Provide financial and emotional security to the injured employee while recovering;
- E. Encourage employees to work in a safe manner;
- F. Prevent abuses of the workers’ compensation system;
- G. Reduces litigation expenses against the organization.

30.3 POLICY

It is the policy of the City of Punta Gorda to provide, at the City’s discretion, alternate transitional work for employees who sustain an on-the-job injury while recovering. Failure of an employee to accept alternate work when offered could result in the suspension of workers’ compensation benefits and/or termination of employment, in accordance with applicable law.

30.4 RESPONSIBILITIES

A. Workers’ Compensation Coordinator

The Human Resources Director is the City’s designated Workers’ Compensation Coordinator and shall be responsible for the following:

1. Administering the overall program and maintaining communication with the City’s Workers’ Compensation Insurance carrier to ensure compliance with Florida workers’ compensation statute F.S. 440.
2. Ensuring injured employees are provided with adequate and prompt initial medical treatment once reported.
3. Maintaining communication with the medical professional regarding the employee’s job duties and restrictions.
4. Maintaining communication with the City’s Workers’ Compensation Managed Care Provider regarding the employee’s job duties and restrictions.
5. Arranging and identifying Transitional Duties if the attending physician indicates work limitations due to physical injury or mental impairment from medication.
6. Arranging transportation for impaired employees to and from work, and to future physician’s appointments if the employee is unable to provide his/her own

transportation. (The City's Managed Care Provider will provide to/from medical appointments)

7. Communicating with the City's Managed Care Provider and Insurance Carrier/Third Party Administrator regarding worker status.
8. Ensuring Department heads and Supervisors are trained and understand the City's return-to-work program.

B. Medical Professional

The City of Punta Gorda primarily utilizes the services of local, workers' compensation-approved physicians, clinics, and hospitals to provide medical services to employees who suffer Workers' Compensation-related injuries. Human Resources will direct employees as to which provider is appropriate for each given situation. These providers are responsible for:

1. Providing medical treatment to the injured employee.
2. Reviewing the employee's current job description and any other information supplied by the City outlining the employee's current job duties and responsibilities to determine if medical restrictions are necessary.
3. Completing and/or updating the "Restrictions Form" after each medical appointment.
4. Communicating with the Workers' Compensation Coordinator after the initial visit and each follow-up visit to discuss physical limitations, medications, and restrictions.
5. Communicating with the Managed Care Provider's Nurse Case Manager after each follow-up visit to discuss physical limitations, medications, and restrictions.

C. Managers and Supervisors

The managers and supervisors employed by the City of Punta Gorda are the first line of defense in the City's efforts to control its Workers' Compensation costs. In the event of injury to an employee, their responsibilities include:

1. Immediately, or as soon as reasonably possible, notifying the City's Workers' Compensation Coordinator that an employee has been injured and filling out a Notice of Injury workers' compensation report (available as an online completion form). The notice of injury MUST BE completed and submitted to the City's insurance carrier within 72 hours of the injury.
2. Providing transportation and an escort to the medical facility for the injured employee during the initial treatment.
3. Maintaining regular contact with the injured employee who cannot work and keeping the Workers' Compensation Coordinator apprised of such contacts.
4. Developing and implementing Transitional Duty opportunities within their department.
5. Ensuring the injured employee remains within all restrictions that the attending physician may have defined.

6. Providing frequent updates to the Workers' Compensation Coordinator regarding the injured employee's ability to complete the assigned job.

D. Injured Employee

Each employee has received instruction in safe work habits, and the correct, safe procedures necessary to carry out their assigned duties. In the unfortunate event of a work-related injury, the employee is responsible for the following:

1. Immediately, or as soon as is reasonably possible, notifying their immediate supervisor of the injury. This includes ALL injuries, regardless of how minor the employee thinks the injury may be.
2. Complying with all of the City's policies, rules, and regulations regarding injuries while working.
3. Attending all physician and rehabilitation appointments.
4. Following and remaining within physical limits set by the physician.
5. Informing their immediate supervisor of all medications that may impair their judgment, ability to operate machinery, or otherwise safely perform the essential functions of their position.
6. Delivering and relaying all related paperwork to the physician's office when requested by the Worker's Compensation Coordinator.
7. Cooperating with their employer regarding alternative work assignments.
8. Complying with the procedures provided in the Managed Care booklet that the insurance carrier provides the employee.
9. Assisting in the accident or incident investigation for work-related injuries.

30.5 PROCEDURES

Employees must report all workplace injuries to their supervisor immediately and comply with all procedures related to injuries sustained while working. Failure to comply with these procedures could result in an employee not receiving appropriate care, and loss of benefits. All employees who are injured while working may be subject to the provisions of the City's Drug free Workplace Policy, depending on the circumstances and severity of the injury.

A. Emergency Injuries

In the event that an employee sustains an injury requiring immediate attention, or is injured while working after hours (On Call), the employee should seek medical treatment at the nearest emergency medical facility. If necessary, call 9-1-1 for an ambulance. As soon as practical, notify the Workers' Compensation Coordinator so that the appropriate documentation and paperwork can be initiated.

B. Non-Emergency Injuries

If an employee sustains an injury that does not require emergency care, but does require professional medical attention, the supervisor may choose from one of the following two options:

1. Option A: Accompany the employee to HR before the physician.

If possible, the injured employee should be escorted to the Workers' Compensation Coordinator / HR Department. A package containing necessary medical treatment paperwork (Job description, restrictions form, and drug screening paperwork) will be provided to the employee who will take it to the medical provider. The supervisor will escort the employee to the medical provider.

2. Option B: Accompany the injured employee directly to physician, and HR sends Paperwork.

The supervisor will contact the Workers' Compensation Coordinator / HR Department to report the injury and receive instructions regarding treatment locations. The supervisor will provide an escort for the employee to the clinic or hospital. The Workers' Compensation Coordinator / HR Department will contact the clinic to notify them of the pending arrival of the employee, and arrange to deliver or fax the necessary paperwork (job description, restrictions form, and drug screening paperwork) to the medical facility.

30.6 INJURY TREATMENT, RESTRICTIONS, AND LIGHT DUTY

A. First Aid Injuries:

First Aid injuries that do not require professional medical treatment ("band-aid injuries") require no further action other than standard investigation and corrective preventative action.

B. Injuries requiring physician treatment

The physician provides medical treatment, reviews the job description and any other information supplied by the City outlining the employee's current job duties and responsibilities and completes the restrictions form. The physician or physician's representative will contact the City's Managed Care Provider to discuss the employee's prognosis, medications, and restrictions. The Managed Care Case Nurse will in-turn communicate the information to the Workers' Compensation Coordinator

C. Employee's return to duty

No employee may return to duty (light duty or full duty) without the appropriate release from the treating physician. Upon release by the physician, the employee should return to (or contact) the Workers' Compensation Coordinator for further instructions unless hospitalization occurs. If restrictions are prescribed by the physician, then placement of the employee is the responsibility of the Workers' Compensation Coordinator. Work assignments shall be in the following priority:

1. Within the employee's own Department; or,
2. Within another Department.

30.7 LIMITS OF LIGHT DUTY ASSIGNMENTS

A. Maximum of six months

A single alternate duty assignment should not last longer than two full weeks. If an injured employee cannot resume regular duties within this time, the supervisor and Workers' Compensation Coordinator will review the employee medical status and may extend the

current assignment or reassign the employee to a different work area. Subject to applicable law, the maximum cumulative length of time that an employee may participate in the City's Return to Work program is six (6) months. If an employee has not reached Maximum Medical Improvement within that period of time, the employee may be placed on workers' compensation leave, and would then be subject to the compensation provisions as provided under the workers' compensation statutes.

B. Light duty assignments after MMI

An injured employee may not remain in an alternate duty assignment after reaching Maximum Medical Improvement (MMI). If an injured employee is unable to return to regular duties after reaching MMI, the Human Resources Department and the Department Head will review his/her employment status with the City. Considerations for ADA reasonable accommodations and employee qualifications for other positions within the organization will be reviewed and the employee placed accordingly. If no positions are available that match the employee's qualifications or for which the City can make reasonable accommodations, the employee may be terminated.

30.8 WAGES AND BENEFITS

All payroll wages for alternative duty assignments will be drawn from the employee's regularly assigned department where the injury occurred. Contribution and accrual of benefits shall remain unaffected during the employee's participation in the City's Alternative Duty Program.

30.9 REFUSAL OF ALTERNATIVE DUTY ASSIGNMENTS

Workers' compensation wage benefits will be discontinued if an alternative duty assignment is available and refused by the employee. An injured employee who refuses an alternative work assignment and has exhausted all available leave credits may be subject to termination in accordance with the City's termination procedures and applicable law.

30.10 EFFECT OF OTHER LAWS AND POLICIES

- A. Nothing contained in this Policy shall be construed or applied in a manner to alter the "at will" nature of employment, or that is inconsistent with any federal, state or local law or ordinance, including, but not limited to, the Americans with Disabilities Act, the Florida Civil Rights Act and the Family and Medical Leave Act, to the extent such laws are otherwise applicable.
- B. The provisions of this Policy are not applicable to employees who have been injured off the job. The provisions of Section 17 of the City's Personnel Rules and Regulations shall apply to such situations.

SECTION 31: DOMESTIC VIOLENCE-RELATED LEAVE

31.1 INTRODUCTION

The City of Punta Gorda has adopted this Domestic Violence-Related Leave Policy to comply with the requirements of State law. The City will grant Domestic Violence-Related Leave to eligible employees as provided herein or otherwise provided by law. The City will not interfere with, restrain or deny the exercise of any right provided under this policy or the state law on which it is based.

31.2 DEFINITIONS

Words used in this policy shall have the meanings attributed to them in the law. In addition, the following definitions apply:

- B. **Domestic Violence-Related Leave** - up to three (3) work days of leave available for an eligible employee's use for the purposes outlined in Florida Statute §741.313 in any one 12-month period. Domestic Violence-Related Leave shall be unpaid; however the employee is required to exhaust all annual paid leave available to him or her prior to receiving unpaid domestic violence.
- C. **12 month period** - a time period of twelve calendar months beginning the date of the first period of domestic violence-related leave and continuing for 12 calendar months from that date.

31.3 PURPOSES FOR THE LEAVE

An eligible employee may, upon presentation of appropriate documentation, be granted up to three (3) work days of domestic violence leave for the purposes specified in Florida Statute §741.313 if the employee, or the employee's family, or a household member of the employee is a victim of domestic violence and the leave is used to:

- A. Seek an injunction for protection against domestic violence or an injunction for protection in cases of repeat violence, dating violence or sexual violence;
- B. Obtain medical care or mental health counseling or both for the employee, or the employee's family, or a household member to address physical or psychological injuries resulting from the act of domestic violence;

31.4 NOTICE, REQUEST AND DOCUMENTATION

- A. An employee seeking domestic violence-related leave shall request the leave by using a Leave Request Form. Except in cases of imminent danger to the health or safety of the employee, or the employee's family, or household member, advance notice of the need for leave is required. Where advance notice is required, the employee is required to provide notice to the City as soon as the need for leave is known. Appropriate documentation establishing the reason for the leave under these provisions is required to be submitted with the request for leave. In cases of imminent danger to the safety of the employee, or the employee's family, or household member, such documentation may be submitted after the leave is taken, but shall be submitted within three (3) work days from the employee's return to the workplace unless an extension is granted by the City Manager. Failure to submit requested documentation or provide advance notice (except where advanced notice is not required due to an imminent danger to the health or safety of employee or a family or household member) will result in the denial of the leave and may result in discipline for unauthorized leave under the City's Personnel Rules and Regulations.
- B. The documentation of requests for domestic violence-related leave, and any other documents that contain personally identifying information regarding this leave, including leave request slips, are exempt and confidential and not subject to disclosure under Florida Statutes Ch. 119 (aka the Florida Public Records Law).

31.5 GRANTING AND DOCUMENTING USE OF LEAVE

Unpaid leave shall not be granted under this policy until the employee has used all paid leave available to him or her. Leave approved under this policy shall be considered scheduled leave.

All re-imbursements for education costs within the provisions of this policy are subject to budgetary constraints as defined by the Department and approved by the City Manager. Employees may be reimbursed up to fifty percent (50%) of their costs up to a maximum of \$1500 per fiscal year, unless the City determines that such education is necessary or beneficial to meet the operational needs of the City, as specified elsewhere in this policy.

B. Participation in the Education Incentive Program

1. Relevance of Coursework

The Department Head and Human Resources Manager must approve the operational relevance and value of all course or class work for which the participant is requesting assistance. If the employee is requesting assistance for course work that is part of a degree-granting program, the Department Head should consider the value of the degree to the City's operations.

2. Application for Participation

In order for an employee to qualify for City educational assistance under the provisions of this policy, the employee must first meet the eligibility requirements specified above, and then submit a formal request to the Department Head to participate in the benefit (See the Form at the end of this Section). The Department Head should approve participation in advance of enrollment in any classes or other educational opportunity. Requests for reimbursement after the employee has enrolled may be accepted for

review, but may be denied at the sole discretion of the City.

3. Department Head Participation

In the event that a Department Head is making a request for reimbursement of education/training expenses, application must be made to and approved by the City Manager.

The City reserves the right to limit the amount of reimbursement based on the relevance of course work and availability of funds.

6. Degree Granting Programs

Participation in the Education Incentive Benefit in order to obtain a formal degree shall be on a reimbursement basis only. As specified elsewhere in this policy, the City will only reimburse employees for 50% of the costs associated with such course work, up to a maximum of \$1500 per fiscal year and subject to available funding. The City reserves the right to discontinue re-imbursement under this program once funding has been depleted.

There shall be no duplicate payment for the same course(s). If the course(s) are reimbursable through some other source, the City will not reimburse for such course(s) under this policy.

33.4 EMPLOYEE RETENTION PROVISIONS

- A. Employees who receive any type of educational assistance shall be required to remain in the employ of the City of Punta Gorda for a minimum of two years from the date

of reimbursement, or upon successful completion of the training/education for which the City paid the training provider directly. Failure to do so could result in the employee being required to re-pay the City a pro-rated portion of the funds that were reimbursed under this education benefit.

- B. If the City terminates an employee who has received reimbursement under the terms of this benefit, the employee shall retain such reimbursement, unless the termination is for just cause.
