SAFETY CORNER

Staying Safe in the Sun with Sunscreen:

- Wear sunscreen with a SPF of at least 15 even on cloudy days.
- Apply sunscreen to all uncovered skin, especially your nose, ears, neck, hands and legs.
- Reapply sunscreen at least every two hours. Apply more often if you're swimming or sweating.
- Wearing sunscreen can reduce your risk of skin cancer.
- Sunglasses with a UV400 rating block more than 99% of UVA and UVB radiation.
- Even when you wear sunglasses, wearing a wide-brim hat and sunscreen can help further protect you from sun exposure.
