MEDIA ADVISORY

Discoloration of Drinking Water

Certain areas within the City of Punta Gorda utility service area are experiencing discoloration of their drinking water. A water main break this morning caused a large draw of water to the leak. The water's velocity caused the discoloration.

City of Punta Gorda staff are actively flushing areas that have reported this discoloration. **If you are experiencing this discoloration, please call 941-575-5088, and a City of Punta Gorda staff member will be sent to flush the area.**

We apologize for the inconvenience.
