Digital Learning Day

Digital Learning Day is Feb. 29 and celebrates the use of digital technology in learning and highlights innovative and forward-thinking use of technology for learning. It is an opportunity to highlight digital pedagogy and showcase innovative teachers, leaders, and instructional technology programs. The City offers a variety of digital learning tools, such as Skillsets Online, Central Square University and Target Solutions. In addition, most software used in our organization comes with some version of learning resources. If you'd like more information, please contact the Helpdesk. #DLDAY

Thank you

March first is National Employee Appreciation Day! This special occasion presents us with the perfect opportunity to extend our deepest gratitude to the dedicated individuals who form the backbone of our City's operations. In Punta Gorda, our employees aren't just faces in the crowd; they are the heartbeat of our community. From the friendly faces you encounter at our reception desks to the diligent workers who maintain our streets and parks, each member of our team plays an integral role in making Punta Gorda the vibrant and thriving City it is today. Your passion, professionalism, and resilience are truly commendable, and we are incredibly fortunate to have such an exceptional team driving our City forward.
