WHAT IS THE HISTORIC PRESERVATION ADVISORY BOARD?

The board is composed of seven (7) citizen volunteers appointed by City Council. The Board advises City Council on all matters dealing with the history of Punta Gorda and Historic Preservation of significant structures and sites. The Board has review and approval authority over Certificates of Appropriateness involving any variance, signage, demolition, or relocation of listed structures or sites. The Board also promotes public awareness of historic archaeological preservation and its community benefits.

SUPPORTING THE RESTORATION PROCESS

The Board receives no local, state or Federal tax dollars for its Awards program and other outreach activities. In order to continue our various community education and outreach projects including the Annual Award Program, we need your financial assistance.

Part of the charm that attracts visitors and helps turn some of them into residents is the unique character created by the hundreds of historic structures found here. It is in the interest of all residents and businesses to help preserve this heritage.

"It is our goal to preserve the unique history of Punta Gorda and to keep alive our heritage for all to enjoy."
