## WELCOME

---

The City of Punta Gorda enjoys many fine and entertaining special events and festivals that help to make this an exciting City. These events enhance the lives of our citizens and attract visitors to our City. The City of Punta Gorda is committed to supporting quality special events throughout the community.

If you are planning a first-time event or simply making changes or renewing an annual event, give us a call before you complete your event plans. City staff members have valuable experience with hundreds of events and want to see your event succeed. Whether you are wondering about the closing of a street or seeking technical assistance with traffic and safety planning, a preliminary conversation with City staff may help you save valuable time and provide you with initial guidance in the development of your special event plan.

In order to help event organizers coordinate their plans with City requirements, we have compiled this Event Permit Manual, which contains application forms, policies, and related materials that are involved in the City's review and approval process. Please read this manual completely, even if you have planned events before.

We also recommend that you review the checklist included in this manual. Even though you do not need to submit this checklist to the City, we believe it raises many of the most common details to address when preparing for an event. We encourage you to call the Urban Design / Zoning & Code Compliance Division at 941-575-3352 with any questions about your event, either before filling out your application or at any time during the approval process. We want to ensure that your event will be a safe and enjoyable event for everyone.

As you begin the preliminary plans for your event, think carefully about the impacts and benefits the event brings to a community.

Following are some common impacts that thoughtful planning can help reduce:

- ✓ Plan ahead! Applications for event permits **MUST** be submitted for processing at minimum of sixty (60) days prior to the event.
- ✓ Remember, when you close a street, even for two or three blocks, this can affect traffic for miles around as traffic is rerouted or turned away. The impact of a street closure is similar to dropping a pebble in a pond with each concentric circle expanding.
- ✓ Does your street closure block or impede access to police stations, fire stations, hospital emergency access routes, churches, schools, businesses, or residences?
- ✓ How does your event affect our public street system with regard to traffic routes or access? Are alternate routes available to accommodate the numbers of people?
- ✓ Are you planning to serve alcohol at the event? How will the use of alcohol affect the participant safety and enjoyment of the event, as well as security and insurance costs?
- ✓ What type of music will be featured at the event? How will the noise impact the surrounding neighborhood? What type of audience behaviors and crowd numbers may result from the type of music planned?
- ✓ Have you planned to insure people with disabilities are able to obtain or enjoy the same goods, activities, services, and benefits that are available to other members of the public? (Disabilities include, but are not limited to, mobility, ambulatory, visual, hearing and cognitive.) Does your site plan have an accessible route? Is there accessible parking? Are there modification to your policies and have you named an accessibility coordinator?
- ✓ What other events are planned throughout the city on the chosen date of your event? Will they reduce attendance at your event or inhibit the ability of the City to provide necessary staffing?

## THINGS TO CONSIDER

---

### Will your event be held in one of the City's Parks?

If you are considering holding your event in a City of Punta Gorda park, you will first need to contact the Urban Design / Zoning & Code Compliance Division at 941-575-3352 to reserve the park. Additionally, the size of your event may dictate which of the City's parks are best suited to your event, or if the event requires a full event permit. City staff will be glad to discuss your needs and find the best park to make your event successful.

If you have decided to have your Event in a city park, you will be asked to complete a Park Rental Agreement and pay the appropriate fees. The fees for the park pavilions will vary with the size of the pavilion and the extra amenities available. All park rules, regulations, and policies must be adhered to.

### Event Accessibility

Temporary events celebrate and support a "sense of community" and must encourage participation by all people. People with disabilities have the same hopes and dreams as people without disabilities. They want to access their communities and attend events with their friends and families. It is estimated that more than 21 percent of Americans aged 15 and over and 50 percent of Americans 65 years and older presently have some type of disability (Census, 2010). At some point in their lifetime, 70 percent of all Americans will have either a temporary or permanent disability.

Event organizers are required to modify policies and procedures to make sure they do not discriminate against persons with disabilities. For example, food vendors may be required to leave their booths briefly to assist someone with limited hand dexterity in reaching their money.

Organizers are required to modify policies to allow service animals at the event site. A service animal is a dog (or, in some cases, a miniature horse) that assists a person with a disability in performing one or more tasks related to their disability. Many temporary events have a "no pets" policy. However, a service animal is not a pet and must be allowed into any part of the event that its handler is allowed to attend. Event staff may only ask two questions of a service animal handler: 1) is this a service animal that is needed for the person's disability?; and 2) what task(s) is the animal trained to perform? Service animals must be housebroken and under the control of their handler at all times.

Planning for accessibility from the beginning improves the chances of creating an event that is enjoyable for all participants. Efforts to provide access after critical decisions have been made, such as selecting a site, may result in "add-on" solutions that may be more costly or less effective than necessary. Organizers should review the entire process of producing the event to ensure that accessibility is provided and maintained. In addition the event organizer is required to designate an "accessibility coordinator" who is responsible for managing accessibility efforts.

For more information on planning for making temporary events accessible to people with disabilities visit <https://adata.org/publication/temporary-events-guide>

### Will a public street or right-of-way be used or closed?

Street is defined as any public right of way used for vehicular traffic that is permanently maintained by the City or State of Florida and is open to all traffic, platted at 20 feet in width or greater. All street closures are limited to **one (1)** request per licensed business per calendar year and requires City Council approval.

Alley is defined as a public way permanently reserved as a secondary means of access to abutting property, normally platted at less than 20 feet in width. All alley closures are limited to **one (1)** request per licensed business per calendar year and may be approved administratively through the Development Review Committee (DRC) process.

Permitting through other agencies including but not limited to Florida Department of Transportation (FDOT) may be required.

### ONLY the following events are exempt from the street/ally rental fees and closure limitations:

1. Punta Gorda Day's Block Party
2. Light Up the Night Christmas Tree Lighting
3. City of Punta Gorda Halloween Night Street Closure
4. Sullivan Street Arts & Crafts Fairs
5. Punta Gorda Chamber of Commerce Spring & Fall downtown bash events
6. All non-stationary events including but not limited to:
  - o Parade events
  - o Run/race events
  - o Organized protests or marches

Make a plan of your event. You must supply an estimate of the number of people attending your event, including a peak maximum number and length of time that number will be present, the number of toilets available (also discussed later), a diagram of the location and a map of the area, including parking. Even if your event does not require street or sidewalk closings, it may generate unusual pedestrian and/or vehicular traffic. This not only affects the event's participants, but also those who live, work and shop in the area surrounding the event's location. Changes in traffic flow must be considered in the planning process. In case of large events, consider establishing parking in other sites and shuttling participants to the event. Also consider parking for the disabled.

A map of your event **MUST** be attached to your Event Application form. Your map should include all street(s) to be used and the direction of the route, if applicable.

### Will you be having a band or amplified music?

If your event will be having a band or amplified music, there are a number of items that must be considered.

1. Is there a stage available at your proposed location, or will you need to obtain one?
2. Is there sufficient electricity to supply the band's equipment?
3. Will a tent be required? (see Fire Department section for tent regulations)
4. What hours will the band be playing? (Lashley Park Events must conclude no later than 10:00PM. No music is allowed at Gilchrist Park before Noon time on Sundays.)

### Toilet facilities and cleaning up after your event is over

Event planning must include requirements for sanitation and waste management plans. An event that does not provide for the personal comfort of patrons, or leaves an unsightly mess with litter and trash strewn about, will hurt its own future and will negatively affect the image of the city.

### **Event Definition**

A public event includes any use of a public facility or private property (e.g. park, meeting hall, gazebo, shelter, street right-of-way, parking lot, etc.) by a group which could limit the normal access and use of such facility by the general public.

#### **An event may include but is not limited to:**

- A.** Any activity involving the use of a public or private facility where the activity is advertised to attract participants and/or spectators
- B.** Where the activity involves a planned contest involving prizes or awards
- C.** Where the activity includes the advertising, display or sale of goods or services of any type
- D.** Where the activity would include the placement and use of tents, portable toilets, sales booths, temporary parking area, blocking of public rights-of-way, etc.
- E.** Where the activity will have an impact on City right-of-ways, or could affect public safety
- F.** Activities involving private gatherings where a group of individuals desire exclusive use of any public facility shall also qualify as an event and shall require notification to the City in advance in order to receive permission for such exclusive use.

## EVENT CATEGORIES

---

The City has established two (2) levels of approval for the various events. The following the criteria used by the Urban Design/ Zoning & Code Compliance Division to determine whether or not an event requires Administrative or Development Review Committee (DRC) approval.

- B. The event will last four (4) hours or less.
- C. The event will NOT involve the sale or distribution of alcoholic beverages to the general public. (This restriction does not apply to a private party.)

- A. The event will draw more than 200 guests during the entire event.
- B. The event is scheduled for more than four (4) hours, and/or will span multiple days.
- C. The event involves the sale and/or distribution of alcoholic beverages.
- D. The event will require police security and/or fire department service. Public safety personnel to be used shall be hired from the Punta Gorda Police Department or Fire Department staff. ## EVENT APPLICATION PROCEDURE

---

Public events requiring a City event permit include, but are not limited to:

- |                           |                        |                          |
|---------------------------|------------------------|--------------------------|
| ✓ Arts and/or Craft Shows | ✓ Community gatherings | ✓ Pickleball tournaments |
| ✓ Bicycle races           | ✓ Fishing tournaments  | ✓ Road races             |
| ✓ Boat shows              | ✓ Festivals            | ✓ Tennis tournaments     |

| ✓ Concerts                | ✓ Parades              | ✓ Weddings in the park   |

Whenever a group or individual is seeking exclusive use of all or part of a public park or roadway for any length of time, or are planning a public event on private property, an event permit is required. Event organizers should include both set-up and clean-up time in their total time request for event approval. The following procedure shall be followed by all event organizers to obtain an event permit from the City of Punta Gorda.

### STEP 1

Event organizers should contact the Urban Design Division at least ninety (90) days prior to their target date for the event in order to determine the feasibility and approval process required. Requests for approval shall be submitted to the City at least sixty (60) days prior to the event. Events must receive approval at least ten (10) calendar days in advance of the first day of the event.

***\*\*Any request for Harbor Walk closure in Laishley Park only, will require City Council approval a minimum of thirty (30) calendar days prior to the event date.\*\****

### STEP 2

Event organizer obtains an **Event Manual and Application** from the Punta Gorda Urban Design Division is located on the 3<sup>rd</sup> floor of the City Hall Annex, 126 Harvey Street, 941-575-3352 or on line at [www.CityofPuntaGordaFL.com](http://www.CityofPuntaGordaFL.com).

### STEP 3

Event organizer reviews manual and completes application forms, returning completed copy to the Urban Design Division where a permit number is assigned.

### STEP 4

The organizer **must** answer all questions on the application for the event and submit a site plan or event route map per the deadlines listed above. **All site plans must also include an accessible route to comply with ADA for the event and/or run.** Event organizers should call the Punta Gorda Urban Design Division at 941-575-3352 if they need help in completing the form.

### STEP 5

Event organizer awaits correspondence from the Urban Design/ Zoning & Code Compliance Division informing them of the type of approval being required. If Administrative approval is authorized, the applicant will receive notice of the approval from the Urban Design/ Zoning & Code Compliance Division, the Event organizer shall respond immediately to any requests for additional information.

### STEP 6

Events requiring DRC approval require the Event organizer to attend a regularly scheduled Development Review Committee meeting to discuss the event. The DRC meets the two (2) times a month on Friday at 9:00 am in

Council Chambers. The applicant or the organizer's representative shall attend the DRC meeting and failure to do so could result in the DRC being unable to take action on the request, and therefore delaying or denying approval.

However, the DRC has the authority to waive the requirement to hold the DRC meeting for certain events at their discretion.

**NOTE:** *A final word of caution to event organizers. **Any change** in the operations or nature of an approved event must be communicated to the Urban Design/ Zoning & Code Compliance Division who will then decide whether an additional Administrative or DRC approval is required. Any such event changes will be provided by Urban Design/ Zoning & Code Compliance Division to all of the DRC members.*

## DRC EVENT APPROVALS

## DETAIL ASSIGNMENT POLICY / STANDBY PERSONNEL

The purpose of the policy is to establish a uniform procedure for the administration of detail activities by Public Works, Police and Fire personnel at Events in the City.

### Definitions

- A. Detail is a service to a client who temporarily introduces an unusual hazard into a public building or area within the City that will impact public safety service needs due to the nature of the event.
- B. Hazard is defined as a product being used, the nature of an event or the number of persons attending the event that would compromise the safety network of the City and any event that includes the sale or distribution of alcoholic beverages and/or closure of public streets and/or rights-of-way.
- C. A permit for the hazardous activity will be issued by the Development Review Committee, or City Department thereof, and the detail is required as a condition of the permit.
- D. An accessible route ensures individuals who use wheelchairs or walking aids or who walk with difficulty have an accessible route of travel throughout the event site. A successful accessible route connects site arrival points and parking with all exterior and interior event exhibits and activities, including public amenities, such as toilet rooms, water coolers, and other facilities.
- E. Effective Communication means that whatever is written or spoken must be as clear and understandable to people with disabilities as it is for people who do not have disabilities.
- F. Number of personnel attending the event will constitute the detail procedure followed based on the following schedule:
  - 1. At large public events, event organizers shall be required to employ:

    - d. Requests for the assignment of five (5) or more police officers/firefighters shall require the assignment of an off-duty supervisor.
    - e. Over 5,000 people shall require the same as above plus any other personnel needed to handle the event. The additional number will be agreed upon by the event organizer and the Chief of Police and/or the Fire Chief and/or their designee before the start of the event.

### Qualified Personnel

## AMERICANS WITH DISABILITIES CHECKLIST

Attention Event Permit Applicants & Participants:

The following Americans with Disabilities Act (ADA) checklist requirements shall apply to all special events permitted by the City of Punta Gorda:

- ✓ All vendors have the name of the event's designated ADA Coordinator and procedures to handle requests for accommodations.
- ✓ An accessible route from site arrival points and an accessible entrance have been provided.
  - As much as possible, the accessible route should be the same route used by other participants.
  - Once a route has been mapped out, it must be identified with signs if it deviates from paths used by the general public. (Be at least 36 inches wide)
  - All vendors have received the event layout outlining the accessible route and are aware that it MUST be maintained at all times.
- ✓ The layout of the event should allow people with disabilities to attain goods and services and participate in activities without assistant.
  - Front-line staff at information and ticketing areas must have a thorough knowledge of accessible features and services offered by the event and a general sensitivity to disability issues.
- ✓ The entrance gate, main desk, or information booth must be accessible in the design and location of the space and in the information provided.
- ✓ Vendors MUST modify policies and procedures to ensure they do not discriminate against persons with disabilities. Vendors may:
  - be required to leave their booths briefly to assist someone with limited hand dexterity in reaching their money, or need to take items from an inaccessible area to an interested individual in order to allow the individual to evaluate and select merchandise or to participate in an activity offered.
- ✓ If there is a "no pet" policy it MUST be modified to allow service animals to assist persons with disabilities in performing one or more tasks related.
- ✓ If portable toilets are provided for use by event participants, a minimum of five percent of all units, but never less than one unit, must be accessible.
- ✓ Signage is needed to direct the public to the location of accessible parking spaces, passenger drop-off points and transit stops and accessible entrances and gates. Signs should include the international symbol of accessibility, use easy-to-read typefaces, and be large enough to be read from a distance.
- ✓ Accessible parking spaces must be level and adjoin an accessible route to entrances. Accessible parking spaces should be placed as close as possible to the accessible entrance served by the parking area to minimize the need for a person with a disability to travel long distances to merely arrive at the entrance.

- If temporary parking lots, grass fields or dirt lots, etc. are going to be used as temporary parking areas, accessible spaces must be created and held in reserve for people with disabilities.
- ✓ If shuttles or other modes of transportation are made available at the event, the mode of transportation MUST also be available to those with disabilities.
- ✓ If the event provides seating, viewing, or assembly areas a designated section should be made available for those with disabilities.

Event organizer & ADA Coordinator shall provide a signed copy of this document to the Urban Design Division in acknowledgement and full understanding of the above stated ADA requirements that all event organizers must abide by.
