

# Journey to the Future

Let's learn together

Journey to the Future took place on January 7, 2019. Over 700 people took part in the event that was created to serve as preparation for the new citywide master plan process and intended to:

- ⇒ Offer best practices & new ideas for small cities like Punta Gorda
- ⇒ Stimulate new thinking
- ⇒ Introduce new ideas into the master planning process
- ⇒ Bring people together

In an effort to reach as many residents as possible the event was recorded and each session is available by clicking on the links below.
